

Connect With God Connect with Others Connect with the Lost World

If we do not intentionally strive to Connect with God personally and publicly and Connect with Other Christians in growth and service, then it will be difficult (at best) for us to Connect with the Lost World around us. God has gifted each of us for specific works in ministry and we encourage all of our members to find their place of ministry or service within the church. Please review the list of ministry opportunities provided for you to serve here at First Baptist Middleburg.
